Do you know a TB survivor who would...

- be willing to share their story with others to raise awareness about the disease and the impact it has on the individual and his/her family?
- be comfortable educating others about TB at a local, state or perhaps a national level?
- be interested in forming a community of TB survivors to help others, and perhaps themselves, better understand the disease, how it is transmitted, how it is diagnosed, how it is treated and to provide support and be available to answer questions asked by those newly diagnosed?
- be interested in serving as a TB Ambassador and participate in the national Community and Patient Forum to Control and Prevent TB?
- be receptive to learning new skills in the area of communications and storytelling?
- have the ability to travel to Denver on Monday, Feb. 22nd and stay for 2 days, departing on Wednesday, Feb. 24th?

Stop TB USA, RESULTS, Inc. and the National TB Controllers Association and are pleased to announce a unique opportunity for TB survivors. On Monday and Tuesday, Feb. 22nd and 23rd, 2016, these three organizations will provide a communications and community organizing skills workshop, exclusively for TB survivors. This training will be conducted at the Denver Sheraton, the hotel for the 2016 NAR and NTC TB Conference, which is on February 24th - 27th. Those selected to participate in this training will have all of their travel expenses covered and be able to join other participants attending the NTC.

We ask you to thoughtfully consider those individuals who have successfully navigated the TB treatment process during the past 2-3 years. The individuals you identify do not need to have an existing comfort level with public speaking but do need a willingness to share their experiences with others, learn from other’s stories and be open to having an opportunity to meet other survivors and learn communications skills and strategies.

A nomination form is attached for you to complete once you have shared this opportunity with those you think would be interested. Please be sure to obtain their permission to nominate them and their agreement to participate should they be selected. All nominations are due no later than Monday, Nov. 16th, 2015.
I am pleased to submit the following nomination for the 2016 TB Survivor Communications Skills Workshop on February 22\textsuperscript{nd} and 23\textsuperscript{rd}, 2016.
